1. Lead the end-to-end execution of assigned projects, including project initiation, planning, execution, monitoring, and closure.
2. Define project scope, objectives, and success criteria in collaboration with key stakeholders, ensuring alignment with business goals.
3. Develop comprehensive project plans, including timelines, resource allocation, and budget estimates, and monitor progress throughout the project lifecycle.
4. Coordinate and collaborate with cross-functional teams, including technology, operations, risk management, and compliance, to ensure project success and delivery of business outcomes.
5. Conduct regular project status meetings, providing updates on project milestones, risks, and mitigation strategies to stakeholders and senior management.
6. Manage project risks and issues, identifying potential obstacles and developing proactive plans to minimize impact on project timelines and deliverables.
7. Ensure effective communication and stakeholder management, building strong relationships and ensuring transparency throughout the project lifecycle.
8. Monitor project budgets, track expenses, and ensure adherence to financial guidelines and cost control measures.
9. Foster a collaborative and high-performing project team environment, providing guidance, coaching, and support to team members.
10. Implement project management best practices, methodologies, and tools, ensuring compliance with organizational standards and policies.
11. Drive continuous improvement initiatives to enhance project management processes, systems, and capabilities within the organization.
12. Ensure comprehensive project documentation, including project charters, requirements, meeting minutes, and status reports, is accurate, complete, and maintained appropriately.

### **Responsibilities:**

### Skills and Qualifications:

1. Bachelor's degree in business administration, finance, or a related field is preferred.
2. Proven experience as a Project Manager, delivering complex projects within the banking or financial services industry.
3. Strong project management skills, including project planning, scheduling, risk management, and stakeholder management.
4. Excellent leadership and communication skills, with the ability to influence and motivate cross-functional teams.
5. Sound knowledge of project management methodologies, such as Agile or Waterfall, and familiarity with project management software.
6. Strong analytical and problem-solving abilities, with a data-driven approach to decision-making and managing project constraints.
7. Ability to prioritize and manage multiple projects simultaneously, ensuring efficient allocation of resources and meeting project deadlines.
8. Proficiency in using productivity tools, such as Microsoft Office Suite and project management software.
9. Strong understanding of banking operations, regulatory requirements, and industry trends.
10. Ability to build strong relationships with stakeholders at all levels, fostering collaboration and effective communication.
11. Certification in Project Management (PMP) or equivalent is desirable, but not mandatory.

**Qualifications:**

Experience as a Fresher: While prior experience in project management is preferred, we also welcome fresh graduates who possess the required skills, a strong understanding of project management principles, and a willingness to learn and grow in the role. JP Morgan Chase Bank provides comprehensive training and mentorship programs to help entry-level candidates develop their project management skills and succeed in their careers.
