Description

Sun Pharma Recruitment 2023

Sun Pharma, one of the largest pharmaceutical companies in India, is seeking a skilled and detail-oriented Financial Analyst to join our team. As a Financial Analyst, you will be responsible for analyzing financial data, preparing financial reports, and providing valuable insights to support decision-making processes. This role requires strong analytical skills, attention to detail, and a deep understanding of financial concepts and principles. If you are passionate about finance, have a strong analytical mindset, and enjoy working in a dynamic industry, we invite you to apply.

Sun Pharma Jobs Near Me

Responsibilities:

1. Analyze financial data, including income statements, balance sheets, and cash flow statements, to identify trends, variances, and key performance indicators.
2. Prepare financial reports, forecasts, and projections, providing insights and recommendations to management for informed decision-making.
3. Conduct financial modeling and scenario analysis to assess the potential impact of business decisions, market changes, and strategic initiatives.
4. Monitor and analyze industry and market trends, identifying opportunities and risks that may impact the company's financial performance.

5. Collaborate with cross-functional teams to develop and maintain financial models, budgeting tools, and forecasting templates.
6. Assist in the preparation of financial presentations, including board presentations, investor presentations, and financial performance reviews.
7. Conduct financial research and analysis on competitors, market segments, and investment opportunities to support strategic planning and business development.
8. Participate in the annual budgeting process, working closely with business units and stakeholders to gather inputs and ensure alignment with financial goals and objectives.
9. Monitor and report on key financial metrics, providing regular updates to management and stakeholders on the company's financial performance.
10. Support the financial planning and analysis (FP&A) function, assisting in the development of financial strategies, initiatives, and operational plans.
11. Collaborate with internal and external auditors during financial audits, providing necessary documentation and addressing inquiries and findings.
12. Stay updated on relevant accounting standards, financial regulations, and industry best practices to ensure compliance and adherence to financial reporting requirements.

Skills and Qualifications:

1. Bachelor's degree in Finance, Accounting, or a related field is required. A Master's degree or professional certification (CFA, CPA) is a plus.
2. Strong analytical and quantitative skills, with the ability to interpret and analyze complex financial data.
3. Proficiency in financial modeling, forecasting, and data analysis using tools such as Microsoft Excel or financial software.
4. Solid understanding of financial statements, financial ratios, and key performance indicators.
5. Excellent attention to detail, with the ability to identify errors, anomalies, and trends in financial data.
6. Strong written and verbal communication skills, with the ability to present financial information effectively to stakeholders at all levels.
7. Ability to work independently and as part of a team, managing multiple tasks and priorities effectively.
8. Knowledge of financial regulations, accounting principles, and auditing standards.
9. Familiarity with pharmaceutical industry dynamics, market trends, and financial analysis specific to the healthcare sector is an advantage.
10. Proficiency in using financial databases and software for data retrieval and analysis.
11. Strong problem-solving and critical-thinking skills, with the ability to provide actionable insights based on financial analysis.
12. Experience in financial analysis, investment banking, or corporate finance is preferred but not mandatory for entry-level candidates.

Sun Pharma Careers

The Team Leader is responsible for the overall success of the data science team. This includes building and leading a high-performing team, maximizing the team's output, and ensuring that all work is completed on time and to the highest standards.

Responsibilities:

– Build and lead a high-performing data science team
– Maximize team output and ensure all work is completed on time and to the highest standards
– Translate complex data science problems into easily understood terms for non-technical team members

Responsibility:-

While prior experience in financial analysis is preferred, we also welcome fresh graduates who possess the required skills, a strong understanding of financial concepts, and a passion for working in the pharmaceutical industry. Sun Pharma provides comprehensive training and mentorship programs to help entry-level candidates develop their financial analysis skills and succeed in their careers.
